

Mayank Kumar

Jamshedpur, Jharkhand | 9204636108 | 23f1003168@ds.study.iitm.ac.in

Career Objective

Motivated BS Data Science student at IIT Madras with strong foundations in programming, backend development, and machine learning. Seeking opportunities to apply technical skills in real-world projects, build scalable systems, and contribute to data-driven solutions.

Education

BS in Data Science, Indian Institute of Technology Madras (Expected 2027)

Technical Skills

Programming: Java, Python, DSA

Web Development: Flask, FastAPI, VueJS, HTML/CSS, Bootstrap, Jinja2

Databases: SQLite, SQL

Tools: GitHub, Hackerrank

Machine Learning: Basics of ML, LLM Integration

Other: REST APIs, GitHub Pages Automation, Async Systems

Projects

LLM GitHub Pages Deployment System

Automated system using FastAPI, Google Gemini LLM, and GitHub API to generate, deploy, and update projects. Features: async tasks, repo auto-creation, Pages activation, retries, attachment decoding.
